Laurence Bentz ローレンスベンツ

フランスで活躍中のイラストレーター。

美術学校在学中に自分のスケッチを雑誌掲載し始めた。

現在フリーランスとして広告会社や出版社のお仕事を中心に活躍中。

女性モチーフを得意とし、ユーモアなセン、にポップなカラーリングが特徴的。

With sharp cheekbones,

the sweet face of an angel and hair as blond as the best of Pils: it's a fact, Laurence Bentz has always looked well.

To perfect a drawing brilliantly noticed at the Ecole des Arts Décoratifs, she began to sketch some exquisite sketches for some dashing magazines and she gave a new look to thousands of sweets for a famous chocolate factory.

Now working independantly for small and big brands, advertising agencies and publishing houses, she nicely sketches naively shaped pop images with a classy line and a spicy sense of humour.

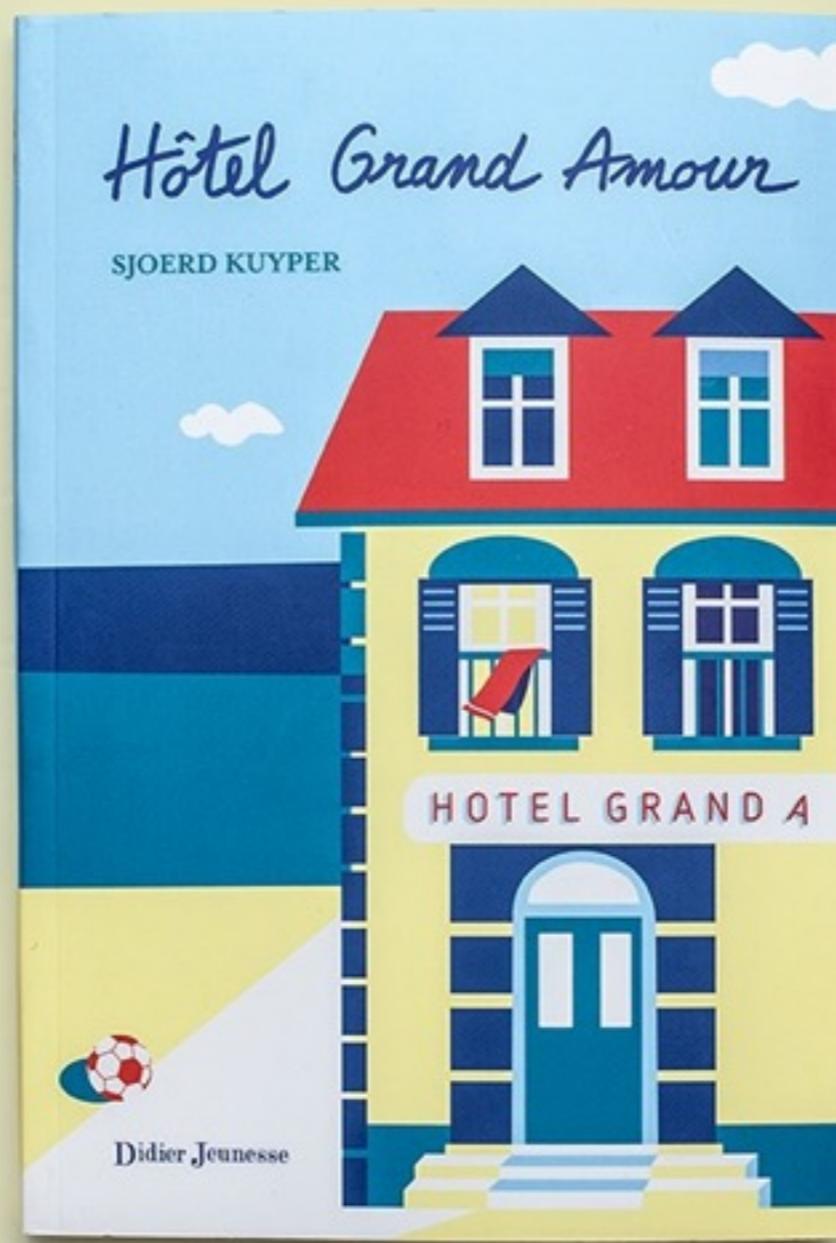

Illustrator and graphist, as free as a bird and quick as the wind, her heart hesitates between France and Japan, and she goes to sketch the world through her two agents.
